

REPORT OF NEW YORK ACADEME

Since the Spring meeting, two issues have been published. The next issue will be published in January, and is likely to include coverage of Governor Paterson's FY 2010 Budget Proposal as it affects higher education. The issue will also include coverage of this meeting and notice of the spring meeting.

I plan to seek advertising for the next issue as a way of defraying some of its cost.

Respectfully submitted, Jeffrey Kraus, Editor
